

2025 Ohio High Technology Cyber Investigation Association Spring Training Conference

May 21 - 23, 2025 Celebrating 24 years!

Join us for the annual High Technology Cyber Investigation Association, Ohio Chapter, Spring Training Conference at the Salt Fork State Park Lodge and Conference Center in Lore, Ohio!

Purpose:

HTCIA provides education and networking opportunities for those with interest in or careers involving Digital Investigations and Incident Response. Some presentation topics and hands-on labs may also touch upon general cyber security knowledge & technologies, in addition to non-digital investigative methods, tactics & techniques.

Who will be in attendance?

The Ohio Chapter of HTCIA is composed of a diverse pool of talent across local, state, and federal agencies/departments in addition to professionals in private corporations both large and small. Professional experience ranges from students with little or no practical experience, to well-known experts with decades of experience. This is a safe learning environment where we all share with and learn from one another.

Registration: On the events/conference page at www.htcia.org
